

ALUMINIOS AND PLASTICS CATALONIA, originated in 1992, dedicated to the marketing of metals and engineering plastics, in facilities located in Barcelona in March Ausias Street, 144 in a small room of 300 m2.

In 2000, the company acquired a new facility in Sant Andreu de la Barca of 1000 m2, our present location.

In our new facility in machinery and tools evolve at the same time increase our stock to provide better service to our customers.

In these years we associate as partners with Ames-Selfoil in caps and mufflers Alcupla bronze, aluminum factory distributor for jobs involving large accounts.

ALUMINIOS AND PLASTICS CATALONIA, has shown great strength as a company of commerce in the metal and plastics technician, earning the trust of their customers through personalized service.
